Moncton, New Brunswick

Re: Thanks and collaboration in establishing the NBPAC

Dear Professor,

On behalf of the New Brunswick Professional Association of Criminology (NBPAC), I sincerely thank you for the support you are providing in finalizing our association. Your expertise and advice are invaluable at this decisive stage.

With your guidance, we have advanced our work: adopting the bylaws and code of ethics, defining the criminologist's scope of practice, and preparing the steps toward title recognition.

We would like to continue to count on your support — in particular for reviewing our founding documents, developing accredited training and, if you are willing, taking part in an advisory committee. Your academic perspective would greatly strengthen the credibility and rigour of the initiative.

I remain available to discuss this and to send you the relevant documents. Once again, thank you for your commitment to advancing criminology in New Brunswick.

Please accept, Professor, the expression of my gratitude and high regard.

_____

The President
New Brunswick Professional Association of Criminology
